

## **2023-2024 Emerging Leaders Institute Application Package**

### **Congratulations, Potential Emerging Leader!**

The Emerging Leaders Institute is designed to cultivate the fantastic talent we have within the Trio communities of Georgia. By selecting, training, and assisting individuals in finding their niche, the ELI program replenishes the Trio leadership pool for use on campuses, our state organization, and our regional association (SAEOPP). This year's GA Trio ELI Committee seeks the next cohort of potential leaders to carry on this rich tradition.

Selected individuals will participate in several leadership development activities, including receiving a professional mentor, scheduling leadership development Zoom calls, representing GA Trio at the Southeastern Atlantic Trio Conference, participating in the SEAC ELI Program (before the actual conference), and interrogating selected readings to develop the candidate's leadership acumen. It would be our pleasure if you completed the application package for this year's cohort.

The application process for 2023-2024 is somewhat different.

- Interested candidates would complete the ELI Application, which includes the application form, completion of prompt questions, and submission of their CV or Resume.
- Once verified, the candidate's supervisor would receive a recommendation form via e-mail. The supervisor's recommendation and endorsement are required for participation.
- The ELI Committee will review all complete application packages (candidate materials and supervisor forms) and make a final decision.

The application deadline is Friday, December 1, 2023.

If you have any questions concerning the process, please get in touch with Dr. John L. Mason at [dr.jlmason@gmail.com](mailto:dr.jlmason@gmail.com).
